### **Mount Litera Emergent Student Profile**

**Emergent Student Profile is our promise and our goal. Everything we do in the school strives to achieve this for each child. While each child will take a different path towards this profile. We run the school with the firm belief that this profile will enable our children to be the leaders of the 21st Century.**

**Creating Leaders for tomorrow.**

Life skills are critical for leading life powerfully. Our students will emerge out of school with the following life skills:

### Effective Habits

Our character is composed of our habits. Inspired by Stephen Covey's 7Habits of Highly Effective People, Mount Litera Zee School have a series of programs during the students's stay for building the effective habits.

### Media Literacy

Media Literacy develops the ability to analyse, critique and effectively use the media to find relevant and reliable information for making informed decisions.

### Aesthetic Sense

Aesthetic sense helps students appreciate the beauty that exists around them and contribute to it.

### Metacognition

Metacognition is the skill of knowing how we learn and our unquestyle of learning. This helps us remove the hidden barriers to our learning processes.

### Risk Taking

This is the skill of making our own decisions at the risk of making a mistake, rather than simply doing what we are told to by others

### Self-Management

Self-management plans are used for teaching students to complete tasks independently and take an active role in monitoring and evaluating their own behaviour. An important goal in education is fostering independence.

**Knowledge, as defined at Mount Litera Zee Schools, goes beyond the traditional boundaries of academic learning.**

#### **Higher Order Thinking Skills**

Students gain real understanding of each subject they take. That enables them to not only retain and apply but also to create new knowledge and ideas from this understanding.

#### **Sports**

Students are encouraged to take up sports not only for fitness and health but also for developing the values of sportsmanship and teamwork.

#### **Art (Fine Arts, Performing Arts and Applied Arts)**

Students will develop proficiency in one or more art forms.

#### **Entrepreneurship**

Students will see the world as owners. They'll develop an ability to reach a goal by making choice and sequencing actions.

#### **Finance**

Students will develop a strong and empowering relationship with money and techniques for managing it.

**Core values function as the foundation of leadership. Our students will imbibe the values.**

**Integrity:** Honouring your word

**Open-Mindedness:** Being flexible and adaptive to new experiences and ideas

**Authenticity:** Creating alignment between who you say you are and who you actually are

**Humility:** Being able to laugh at oneself

**Growth Mindset :** Believing that your intelligence can be developed over time through your own efforts

**Compassion:** Being sensitive and caring towards the needs of others

- Imagine a School in which the students are so excited to go to school.
- Imagine having little or no discipline problems because the students are so engaged in their studies that those problems disappear.
- Imagine yourself calling, sending notes or coming to School to tell us about the dramatic changes you are witnessing in your children : e.g. newly found enthusiasm and excitement for school, a desire to work on projects & research after school.
- Imagine your children making nearly exponential growth in their basic skills of reading, writing, speaking, listening, researching, scientific explorations, multimedia & more !

**It has happened and is happening in Mount Litera Zee Schools across the country. It is possible to achieve our promises and our goals mentioned in Emergent Student Profile by implementing the Litera Octave Curriculum.**

### 1. **Litera Content**

- **A perfect blend of technology with the physical options like worksheets, synopsis, projects and worksheets.**
- **Effective use of e-content to ensure the blended learning design followed by select schools globally.**

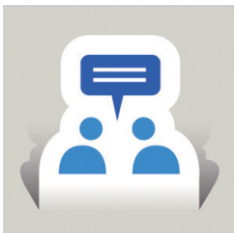

### 2. **Litera Teacher**

- **Rigorous and comprehensive hiring and training processes for teachers to keep them abreast of the best-in-class teaching and learning methodologies.**
- **Teachers undergo 360 degree assessments to ensure that children get the best learning environment.**

### 3. **Litera Assessment**

- **Finds out what children are good at rather than whether they are any good**
- **Happens on a continuous basis and at the children's pace rather than through only periodic exams, which lead to stressful situations.**
- **Assessment patterns based on feedback from various stakeholders including parents.**

### 4. **Litera Parents**

- **Parents become critical stakeholders in the entire learning process**
- **Parents are oriented through various workshops to become effective Litera Parents.**

### 5. **Litera Enrichment**

- **Crucial element for child's overall mental, emotional and physical health and well being.**
- **Programs range from dance, music, sports to adventure trips and field visits.**

### 6. **Litera Life Skills**

- **Skill-based interactive programs to promote personal development of children.**
- **Developmentally appropriate programs based on collaborative learning.**

### 7. **Litera Network**

- **Networking among students, teachers and parents across the country.**
- **Facilities sharing of knowledge, ideas, views thereby adding enriched perspectives to the learning process.**

### 8. **Litera Infra**

- **State-of-the-art school design ensures positive and encouraging environment for learning inside and outside classrooms.**
- **Effective use of technology (e-mount litera) to track student's progress and connect all stakeholders the student's development-teachers, parents and students themselves.**
